Policy

The distribution of a course information sheet or syllabus is required for all University undergraduate courses.¹ The syllabus is a statement of intent and schedule of topics/activities that serves as an implicit agreement between the instructor and students. It must be distributed (either as a hard copy or online) during the first week of classes, and an electronic copy, available to students, must be retained by the department office. **By policy, the following information must be provided:**

1 For co-convened 400/500-level classes, the instructor may use a single syllabus for the jointly convened class or separate syllabi for the graduate and undergraduate offerings. If a single syllabus is used, it must meet the requirements of both the Undergraduate and Graduate Syllabus Policies and must clearly distinguish between graduate and undergraduate requirements and workload expectations.
